

INTERVIEW SERIES WITH ALUMNI OF

MOHD ZULHOSNI BIN ZAKARIA

Tell us about your study in Japan

Successfully studying in the field of Electrical in Yamagata of university at foreign country one of myself -pride. With the cultural and environmental differences around gives me an exciting experience to go through. Besides that, the experience of traveling to other interesting places such as to vineyards, apple & peach plantations gave me an interested experience. To gain experience working by doing part-time while summer holiday is one of valuable thing in Japan.

What surprised you in Japan?

As we know, Japan is one of 4 season countries. But one thing makes me surprised about that, for area Yamagata ken, their snow is too heavy. So there got 2 types of tires of car using in summer season and winter season. Another thing is earthquake occur there with fasting information by mass media. It is important to let public alert for their safety.

Look East Policy & you

The look east policy is one of program under Malaysia Government to give opportunities for Malaysian students continue their studies in various fields of engineering in Japan. For me, is not only gain knowledge about engineering but most important is their culture. What I can said about culture, is about respected people between older and younger and discipline about time.

Your favourite:

Place

- Mt Fuji
- Zao Onsen
- Yamagata

Food

- Zaru Soba
- Sushi
- Takoyaki

Custom

- Full of discipline and great customs of eastern Japan

Additional

More Japanese event/culture doing in local to expose to public such as “Thai Food festival” conduct under Kelantan Government state.

MOHD ZULHOSNI BIN ZAKARIA

Future of Malaysia & Japan

The relationship between Malaysia-Japan can be improved not only in terms of politics or economy but also in cultural exchanges between the two countries. Information about Japanese culture can be showed by any event Japanese held in local or by mass media. Not only Malaysia government, but state government also need to take responsibly to play an important role for keep relationship with Japan in any field.
